DISTRICT CONTACT: 26624 North Tower Road
Detroit Lakes, MN 56501
detroitlakes@fws.gov

FOR IMMEDIATE RELEASE

February 1, 2014

Contact:

Ryan Frohling, Project Leader

10 Year Review of Compatibility Determinations in Detroit Lakes Wetland Management District's Comprehensive Conservation Plan

All recreational uses, refuge management economic activities, or other uses of a National Wildlife Refuge or Waterfowl Production Area by a non-National Wildlife Refuge System (NWRS) entity are subject to the compatibility process. Each use must be evaluated to determine if it is compatible with the refuge or district purpose as well as the NWRS mission. This process requires a public comment period of 14 days for the public to respond to the proposed Compatibility Determination.

There are eight Compatibility Determinations available for public review and comment for the Detroit Lakes Wetland Management District in Minnesota. The Compatibility Determinations are available in the district headquarters office, as well as on the district website http://www.fws.gov/refuge/detroit_lakes_wmd/ from February, 10th 2014 through March 3rd 2014. You may submit comments in person, via email or surface mail. See the header above for the contact information for the district office. Comments received and agency responses will be included in the final version of this Compatibility Determination.

For more information on the Midwest Region of the U.S. Fish and Wildlife Service visit <http://midwest.fws.gov>.

The mission of the U.S. Fish and Wildlife Service is working with others to conserve, protect, and enhance fish, wildlife, plants, and their habitats for the continuing benefit of the American people. We are both a leader and trusted partner in fish and wildlife conservation, known for our scientific excellence, stewardship of lands and natural resources, dedicated professionals, and

commitment to public service. For more information on our work and the people who make it happen, visit www.fws.gov.
