

National Wildlife Refuge Week Oct 13-19

Make Way for Science Day

Interact with biologists, see the types of field work they do,
and become a citizen scientist

October 13, 2013

7:00 a.m. - 3:30 p.m.

2 Marshlands Rd, Fremont

The Don Edwards San Francisco Bay National Wildlife Refuge is gathering scientists and naturalists to introduce you to scientific data collection and land management techniques on national wildlife refuges. Meet the experts and see what they do first-hand. Train to be a citizen scientist and help monitor plants on the refuge to document effects of climate change.

Take part in one or all of these programs:

- | | |
|-------------------------|--|
| 7 a.m. - 9 a.m. | Song Bird Banding Demo |
| 8:30 a.m. - 9:30 a.m. | Small Mammal Trapping Demo |
| 9:30 a.m. - 10:15 a.m. | Fox Trapping Release |
| 10:30 a.m. - 12:30 p.m. | Collect data on Microbial Community in LaRiviere Marsh |
| 1 p.m. - 2 p.m. | Reptile Survey |
| 2 p.m. - 3:30 p.m. | Learn how to be a Citizen Scientist Workshop! |

Open to all ages. Children under 16 must be accompanied by an adult.

Call 510-792-0222 ext. 476 for more information.
