**Subject:** Midway Seawall Maintenance Program CWA section 401 water quality waiver #0410

Dear Ms. Hughes,

The U.S. Environmental Protection Agency Region 9 (EPA) has reviewed the above referenced request for Clean Water Act (CWA) section 401 certification for the Long Term Seawall Maintenance Program. This program proposes to conduct repairs over the next 10 years, as needed, along a 5,720 foot long seawall located on Midway Atoll's Sand Island. The EPA is waiving CWA 401 certification for this project. If you have any questions, please contact me at 415-972-3398.

Sincerely,

Elizabeth Goldman
