SUBJECT: Final Standard Permit Authorization for Henderson Airfield, Midway Atoll National Wildlife Refuge Revetment Project, Pacific Ocean, Sand Island, Midway Atoll; DA File No. POH-2013-173

Robert Peyton, Refuge Manager  
Midway Atoll National Wildlife Refuge  
1082 Makepono Street  
Honolulu, Hawaii, 96819

Dear Mr. Peyton:

On October 23, 2018, we determined your proposed work to install rip rap in the Pacific Ocean adjacent to Henderson Airfield at Midway Atoll National Wildlife Refuge on Sand Island, Midway Atoll, complies with Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act of 1899, and sent you a proffered permit for signature. We received the signed copy of the proffered permit from your office on October 31, 2018. The U.S. Army Corps of Engineers is now issuing the final permit; enclosed is your fully executed Department of the Army Permit (Enclosure 1).

Please carefully read the permit and its conditions. If you have a contractor and/or agent, please review these conditions with them to ensure the conditions are fully implemented. If the work is not completed prior to the permit expiration date, you may apply for a time extension. We recommend you apply for a time extension at least 90 days before the expiration date of the permit.

Thank you for your cooperation with the Honolulu District Regulatory Branch. If you have any questions related to this permit, please contact Ms. Karen Urelius of my staff at 808-283-0549 or via e-mail at Karen.M.Urelius@usace.army.mil.
