

Thank you for taking the time to fill out this survey and return to us to better serve future educational visits.

1. Name of School:
2. Date of Visit:
3. Grade of students:
4. Number of students:
5. Activities participated in:
6. Can you share with us some specific relevant demographics of your students? (Such as ratio of free/reduced lunches, ESL students, or other information that shows an increased need for your students/school for free educational opportunities in environmental and cultural resources.)

7. What was of unique educational value in this field trip and site?

8. How well did the activities fit with your objectives and expectations?

9. Did you feel adequately prepared for the field trip and knew what to expect? How can we better prepare teachers for visits in the future? (Please include training or special events that you may have attended and if that was helpful.)

10. In your opinion, how well did the students understand and appreciate the topics that were being covered? Are there any special points/topics that you could be better emphasized?

11. How was the overall experience for your students, teachers, and chaperons? What might be done differently to make this a better experience in the future?

12. Did you receive transportation funds? If so, how was this helpful? Would you have been able to bring your students to the refuge if this was not offered?

13. Other Comments, suggestions, questions, or issues that need to be addressed?
