

DLTK's Crafts for Kids

## Hummingbird Toilet Paper Roll Craft

*Contributed by Leanne Guenther*

This is a simple three dimensional animal craft that is fun for kids to make and play with.

Materials:

- Toilet paper roll or cardboard tube
- Glue
- Scissors
- Something to color with
- Paper

## Instructions:

- Print out the template of choice. We've done this for you!
- Color the pieces as appropriate and cut them out.  
(Hummingbirds are nice and bright: green, blue, red and purple are all great colors to use).
- Glue the large rectangular piece around the toilet paper tube.
- Glue tail onto the back of the toilet paper roll. I glued it to the inside back and then folded it upward a bit so it would sit flat on the table. I think it looks nice that way, but be creative.
- Glue the head onto the front of the toilet paper roll.
- Make it look like the hummingbird is flying by gluing the wings onto the back of the roll.
- Fold the feet and glue the tabs to the inside of the tube.
