JUNIOR RANGER AT HOME

Bird Finger Puppet

All done with that box of cereal? Don't throw it away - use it to create your very own bird finger puppet! Follow these simple steps and have some fun learning more about birds.

You Will Need:

1. Cereal box - any size
2. Scissors
3. Construction or craft paper
4. Large cup (for stencil)
5. Glue
6. Markers or crayons to decorate

1. Open the cereal box until it is one, flat piece. Using a large cup as a stencil, trace a large circle on the inside of the box.

2. Cut out the circles from the box. Next draw two small circles OR one small oval on the bottom of the circle. Then cut out the shapes - these will be the holes for your fingers.

3. Using construction/craft paper cut out a smaller circle for the bird's head and a triangle for the bird's beak. Then glue the shapes to the larger circle, opposite from finger holes.

4. With markers/crayons decorate your bird. Make sure to add feathers, wings and eyes. All done - enjoy!

Remember to share a picture of your bird feeder with us on Facebook @SoutheastLouisiana.
