## Packaging Peanut Art

Have you been ordering a lot of packages? Don't know what to do with all of the packaging peanuts? Turn them into Art! Make any design from a heart to a dragonfly to a snake! Just let nature be your inspiration!

### You Will Need:

1. Packaging Peanuts - any type
2. Scissors
3. Glue
4. Craft paper - any color
5. Paint or markers

1. Round up the packaging peanuts around your house and let's use them to create some nature inspired art!
2. Using any size and any color craft paper, lay out the packaging peanuts to resemble either a dragonfly, snake, heart or your own creation.
3. For different levels of height you can layer the packaging peanuts or cut them down to size using scissors.
4. Once you have decided on your design - grab the glue to glue the packaging peanuts to your craft paper.
5. Decorate your creations with either paint or markers. Hint: some packaging peanuts dissolve with liquid so test a small area with paint first. All done!
