## Upland Small Game/Migratory Bird Hunting

Welcome to Erie National Wildlife Refuge. The United States Fish and Wildlife Service established the refuge in 1959 primarily for migratory birds. Public hunting is a priority public use and can provide a quality recreational experience when pursued responsibly. We allow hunting of upland small game and migratory birds in accordance with Pennsylvania State laws and the following refuge specific regulations.

Upland small game and migratory bird hunting is permitted between September 1 through the end of February.

Species not listed on this and the Big Game Hunting Fact Sheet may not be hunted.
