## Turkey Hunting

Welcome to Iroquois National Wildlife Refuge. The United States Fish and Wildlife Service established the refuge in 1958 primarily for nesting, resting, staging and feeding waterfowl. Public hunting is a priority public use and can provide a quality recreational experience when pursued responsibly. We allow hunting of turkey in accordance with State laws and the following refuge specific regulations.

We allow turkey hunting during the spring season only.

### We Require Permits

We require a refuge **Big Game Hunting Permit** in addition to a state license and permit.

We issue 50 permits through a random drawing in April. To participate in the drawing you must complete a **Big Game Hunt Application** which can be obtained in person or by mail from the refuge office or from our website at <http://www.fws.gov/northeast/iroquois/hunting>. On the form, complete items 1, 2, and 3. In item 5 select or write in "Turkey (Spring)". At item 9 sign on the Hunter Signature line. Youth under 18 need their parent/guardian to sign on the Guardian Signature line. A \$5 non-refundable processing fee must accompany the application form to be entered into the drawing. The application must be received by the deadline which will be announced in a news release and on the refuge website: <http://www.fws.gov/northeast/iroquois>. Those selected will be notified by mail.

### Harvest Reports

You must turn in a **Big Game Harvest Report** no later than June 7 whether you hunted or not. Failure to do so will result in being denied a permit the following year. The report form has items that do not pertain to turkey hunting on Iroquois. On the report,

complete the upper portion except leave "Time" and "Number in Party" blank. Write the number of birds harvested, sex, and size information in the spaces provided.

### No Hunting Zones/Closed Area

No Hunting Zones include but are not limited to: the immediate area around the refuge office; around refuge residences; the vicinity of the Iroquois Job Corps Center; Swallow Hollow, Kanyoo and Onondaga Nature Trails; and safety zones around private residences adjacent to the refuge. In addition the main dike in Mohawk Pool and County Line Dike are closed to turkey hunting to protect nesting bald eagles. Permission must be obtained from refuge personnel to enter a "No Hunting Zone" or "Closed Area" for the purpose of tracking and/or retrieving legally taken game animals.

### Scouting

Hunters who have received permits may scout during the 7 days immediately preceding the season. You may not call or possess a call of any kind while scouting. You must have your permit with you.

### Blinds

We allow portable blinds and decoys, which must be removed at the conclusion of the hunt day.

### Vehicles
