Please refer to the New Hampshire Fish and Game Hunting and Trapping Digest for definition of approved weapons, bag limits, license requirements, and other important information. Contact the NH Fish and Game Department at (603) 271-3421 or check their web page at <https://wildlife.state.nh.us/index.html>.

We allow firearms deer hunting during two, one-day hunts during the first weekend of New Hampshire’s firearms season. A separate permit is issued for each day of this hunt. We allow archery hunting of deer and turkeys, under the same permit, during the State seasons for archery deer and fall archery turkey hunting. However, fall archery hunt permittees may not hunt or enter the refuge during the firearms deer hunt. We allow spring turkey hunting, by permit, in accordance with State regulations. The refuge is open throughout the State spring turkey season, including during the Youth Hunt (for permitted youth hunters only).

Permits

Separate permits will be issued through a lottery system for fall archery (deer and turkey) hunting, spring turkey hunting, and each day of the firearms deer hunt. Each hunt permit will be free for hunters aged 17 years and younger; \$10 for hunters aged 62 and older, and \$20 for hunters aged 18 to 61. Two hunters are permitted per application. Forms are available on the Great Bay NWR website and at the Parker River NWR Headquarters. Hunters must possess their respective permits at all times while scouting and hunting on the refuge. Permit fees will be used to support hunt signage, maps, hunt administration, and law enforcement.
