

Maps of Proposed CFAs

The following maps show each of the individual CFAs under all the alternatives. CFAs are where we propose to acquire refuge lands, either through fee or easement. The maps are organized alphabetically by state. Each CFA map shows:

- The current refuge ownership in that CFA, if any (shown in dark blue).
- Any additional lands that are currently approved for refuge acquisition in fee or easement (shown in light blue).
- The lands we propose for refuge acquisition under alternatives B, C, and D (shown in yellow, tan, and dark brown, respectively).

Map 4.20. The Quonotuck CFA (100-year Floodplain)

U.S. Fish & Wildlife Service Connecticut River and Major Tributaries
Silvio O. Conte National Fish and Wildlife Refuge

Map 4.21. Proposed Farmington River CFA under all Alternatives, Connecticut and Massachusetts

U.S. Fish & Wildlife Service Farmington River CFA by CCP Alternative
Silvio O. Conte National Fish and Wildlife Refuge

This map is not intended for use as a land survey or as a representation of land for conveyance or tax purposes. The conserved lands layer (2012) was obtained from Trust for Public Land. Other base layers were obtained from ESRI. Refuge lands information provided by the Service. For more information visit the USFWS Northeast Region GIS website at <http://northeast.fws.gov/gis/>. Map Print Date: 3/18/2015
