For the summer of 2010, we once again were blessed with stellar volunteers who helped us complete many projects. Because of the efforts of our wonderful volunteers, we were able to give additional interpretive talks to visitors, install trail signs @ Deadman Lake Campground, re-stain kiosks, maintain lawns and facilities, clean up interpretive pull-outs, and staff the Visitor Center. We enjoyed getting to know these wonderful volunteers, and consider them a part of Tetlin's family now.
