

“Amphibians and Reptiles of the Guadalupe-Nipomo Dunes Complex”

• Lecture, Slide Show, and Live Exhibit •

The Dunes Center and U.S. Fish & Wildlife Service will be jointly hosting a family-orientated presentation about the amphibians and reptiles that inhabit the Guadalupe-Nipomo Dunes Complex. This one-hour long slide show, lecture, and live animal presentation will discuss frogs, toads, lizards, snakes, and turtles, and how they live in this unique coastal dunes landscape that is located in Santa Barbara and San Luis Obispo counties.

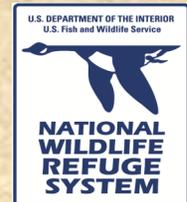

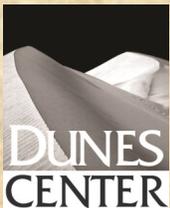

The presenter of this special event will be Glenn Greenwald, Wildlife Refuge Manager, Guadalupe-Nipomo Dunes National Wildlife Refuge.

Dunes Center

1065 Guadalupe Street, Guadalupe, CA

Sunday • May 25, 2014 • 11:00 am - 12:00 pm

Attention: Live frogs, tadpoles, lizards, and snakes will be present!
