Join us for an informative
presentation by:

bird ally x - helping wild birds and the people who care for them.

mission statement: **bird ally x** is a collective of wildlife care-providers committed to raising the standard of care available for sick or injured aquatic birds. **bird ally x** works to help wild birds in their efforts to survive the hazards of civilization through:

- the direct action of caring for wild birds in distress
- supporting other rehabilitation groups through workshops and consultation
- generation and proliferation of educational and informational materials and literature, for our colleagues and our neighbors

bird ally x will build, strengthen and further develop the resources available to ensure that excellent care is provided by working with colleagues in wildlife rehabilitation to maintain an environment of mutual aid and benefit.

In all efforts, **bird ally x** is committed to continually elevating the quality of available care, and providing uncompromising advocacy on behalf of wild birds.
