

2021 WATERFOWL HUNTING NEWSLETTER

Waterfowl season is rapidly approaching and now is the time to prepare for opening day. Beginning September 1, 2021, hunters can purchase wildlife area hunting passes and submit reservation applications for State-operated wildlife areas. This newsletter contains important information for waterfowl hunters that will assist you in applying for reservations. Season summaries and complete regulations are available on the California Department of Fish and Wildlife's (CDFW) website at wildlife.ca.gov/Hunting/Waterfowl.

STAY CONNECTED TO CDFW

Providing CDFW with your email address and mobile phone number will enable CDFW to send you information you can use, such as license renewal and courtesy report card deadline reminders, and California fishing and hunting information. When purchasing a license from a license agent, or when you log in to www.ca.wildlifelicenses.com/InternetSales, update your communication preferences and provide your email address and mobile phone number.

IMPORTANT WILDLIFE AREA AND REFUGE OPERATIONS DUE TO COVID-19 RESTRICTIONS

CDFW understands that spending time in the outdoors is beneficial to our overall health and wellness. As a result, CDFW plans to continue operating wildlife areas and refuges to provide recreational opportunities for the upcoming waterfowl season while keeping CDFW staff and the public safe during the COVID-19 pandemic. CDFW intends to keep areas open as long as visitors implement recommended health and safety practices. For updated health and safety information and changes made to wildlife area and refuge operations for the 2021 hunting season, please visit CDFW's informational web page: wildlife.ca.gov/Lands/COVID-19. Please remember to check this page for current information, as CDFW continues to monitor and maintain consistency with the latest state and local guidelines and directives in its operation of wildlife areas and refuges.

IMPORTANT ADJUSTMENTS TO CHECK-IN TIMES DUE TO COVID-19 GUIDELINES

In 2020, CDFW established controls for check station areas and parking lots to increase physical distancing and minimize contact among hunters and staff. These controls will remain in place for the

2021-2022 waterfowl season and may result in slower hunter processing times. To allow more time for hunter processing, check-in for hunters holding reservations, and processing for lottery or first-come, first-served (FCFS) opportunities may begin earlier than usual. Furthermore, lottery and FCFS check-ins may begin at a set time rather than immediately after reservation holders are checked in. Please continue to check the Waterfowl Reservation Information table (nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=70431&inline) throughout the season, or contact the wildlife area or refuge for check-in times.

IMPORTANT DROUGHT CONDITIONS MAY LIMIT OPPORTUNITIES

California is currently experiencing drought conditions, which may lead to significant water reductions at some wildlife areas and refuges. As a result, some wildlife areas and refuges may be closed, while others may open later in the season or have a reduced hunter quota.

- ❖ **Kern National Wildlife Refuge (NWR)** is scheduled to open for waterfowl hunting on November 20, 2021.
- ❖ **Shasta Valley Wildlife Area** will be closed to waterfowl hunting during the 2021-2022 waterfowl season due to limited water availability. Pheasant hunting will be permitted on Sundays during pheasant season. Reservations are required to hunt pheasants. For more information, contact Steve Burton, Senior Environmental Scientist (Supervisor), at (530) 340-0104.
- ❖ **Sutter NWR** is experiencing severe water shortages and it is not known if, or when, enough water will be available to open the refuge to hunting. Waterfowl reservation drawing applications for Sutter NWR are not available at this time. For more information,

contact the Sacramento NWR Complex at (530) 934-2801.

CDFW will attempt to offer reservation applications only for areas that will be open for hunting. However, last minute closures may occur due to uncertain water availability, and refunds cannot be issued for applications submitted to areas that are closed or if reservations are not available. As of the date of this newsletter, the status of water availability for most wildlife areas and refuges is not known. As information becomes available, updates about closures on wildlife areas and refuges will be posted on CDFW's web page at wildlife.ca.gov/Closures.

For information about hunter quotas, please contact the wildlife area or refuge you plan to hunt for more information. A list of contact information for each area is provided on page 6 of this newsletter.

NEW TYPE A WILDLIFE AREAS CLOSED DECEMBER 25, 2021

All Type A Wildlife Areas will be closed on Saturday, December 25, 2021. Lottery and first-come, first-served line procedures for hunting on December 26, may vary due to the holiday. For more information, contact the wildlife area you plan to hunt.

NEW ONLINE-ONLY REGULATION BOOKLETS

As part of CDFW's effort to go electronic, regulation booklets will not be printed and are available online-only in 2021 and beyond. The cost to print and ship booklets is significant, and money saved will be put toward fish and wildlife conservation. Regulation booklets can be downloaded at wildlife.ca.gov/regulations.

VETERAN AND ACTIVE MILITARY HUNT DAYS

The Fish and Game Commission adopted regulations which allocate two days to veterans and active military personnel for waterfowl hunting in the Northeastern, Balance of State, Southern San Joaquin, and Southern California zones. Veterans (as defined in Section 101 of Title 38, United States Code) and members of the Armed Forces on active duty, including members of the National Guard and Reserves on active duty (other than training), may participate in this special hunt. Any person participating in this special hunt must possess and

present upon demand verification of eligibility to participate. Acceptable verification includes Veteran's ID Card, Military ID Card for active duty, or a State-issued driver's license or Identification Card with Veteran Designation. Most wildlife areas are open for Veteran and Active Military hunters on these dates. ***A wildlife area hunting pass is required to hunt on these dates.***

DISABLED VETERAN HUNT AT COLUSA NWR

On Saturday, January 8, 2022, all assigned ponds and blinds at Colusa NWR will be reserved for disabled veterans. Hunt details and application instructions are available on the Sacramento NWR Complex website at fws.gov/refuge/Sacramento/visit/hunting.html.

IMPORTANT HUNTER CHECKLIST

Check stations do not sell any license items, permits, or passes. Hunters must purchase any needed licenses, passes, and validations from a license agent or online.

Before going to a wildlife area to hunt waterfowl, verify that the members of your hunting party have these items:

- ❖ California Hunting License
- ❖ Prepaid Wildlife Area Hunting Pass (not required for junior hunters)
 - Type A One-Day, Two-Day, or Season Pass for Type A Areas, or
 - Type A or B Season Pass for Northeastern Zone Type B Areas
- ❖ Harvest Information Program (HIP) Validation
- ❖ California Duck Validation (not required for junior hunters)
- ❖ Federal Duck Stamp (required for all hunters 16 years of age or older)

Passes purchased online will be mailed to the customer. Allow 15 days for delivery of your pass. If you need a pass for use sooner than 15 days, please purchase a pass from a license agent.

RESERVATION DRAWING RESULTS

CDFW will mail reservation letters and send email notifications to hunters when they are drawn for a reservation. Results are also available online at www.ca.wildlifelicense.com/InternetSales.

WILDLIFE AREA HUNTING PASS REQUIREMENTS

On Type A and Type B wildlife areas, adult hunters must possess a valid wildlife area hunting pass. Any person hunting with a junior hunting license is exempt from wildlife area hunting pass requirements.

Type A Wildlife Areas

One of the following Type A Wildlife Area Season or Day Passes is required:

- Type A One-Day Pass: valid for one day on a Type A Wildlife Area only.
- Type A Two-Day Pass: valid for two days or two people for one day on Type A Wildlife Areas only.
- Type A Season Pass: valid for the entire season on all Type A and B Wildlife Areas.

Type B Wildlife Areas

You must possess one of the season passes below. One and Two-Day Day Passes are not accepted at Type B Wildlife Areas.

- Type A Season Pass: valid for the entire season on all Type A and B Wildlife Areas.
- Type B Season Pass: valid for the entire season on Type B Wildlife Areas only.

WATERFOWL RESERVATION DRAWING BASICS

CDFW's waterfowl reservation application system makes it easy for hunters to apply for reservations. Reservation drawing applications can be submitted anywhere California hunting licenses are sold and online at www.ca.wildlifelicense.com/InternetSales.

You can submit more than one season-long reservation application or multiple-choice reservation application as long as you do not submit duplicate hunt choices.

- Reservations are issued by random drawings.
- Any person who possesses an annual hunting license may apply for reservations.
- Fee: \$1.34 per hunt choice.
- Deadline to apply is 17 days before each hunt date.

- Applications can be submitted electronically until 11:59 PM on the deadline date.
- Confirmation of application is immediate. Hunters receive a drawing receipt at the time of application.
- Duplicate hunt choices will be disqualified. One duplicate choice is disqualified, not both.
- View your pending applications and drawing results at www.ca.wildlifelicense.com/InternetSales.
- Reservation letters are mailed to applicants who are drawn. Reservation letters can be reprinted at home via the link from your online drawing results.
- When hunters are drawn for a reservation, email notifications are sent providing a link to check your drawing results. To receive email notifications, your customer preferences must be set to receive license reminder emails.

SUBMIT APPLICATIONS ONLINE

Applying online is convenient. CDFW encourages hunters to submit their reservation applications at www.ca.wildlifelicense.com/InternetSales. Personally selecting and verifying your hunt choices online will allow you to confirm your applications are error-free.

HOW TO APPLY ONLINE

If your proof of hunter education has been stored to your customer record, you can purchase hunting items and apply for waterfowl reservation drawings online. Use your GO ID from your hunting license to retrieve your customer record at www.ca.wildlifelicense.com/InternetSales, and proceed to the 2021 Hunting tab. Select the multiple-choice reservation application, or the season-long reservation application, and make your hunt selections. After you have submitted payment and completed your transaction, you will be able to print a drawing receipt and review your hunt selections online.

HOW TO APPLY AT A LICENSE AGENT

Make a list of the areas and dates you wish to apply for. Take your list and hunting license with you to a license agent. The license agent will scan the barcode on your license to retrieve your customer record. Tell the clerk if you wish to

submit a season-long reservation application or a multiple-choice reservation application. Give the clerk the list of hunts you wish to apply for or tell them your choices verbally. **Be sure to verify that your drawing receipt shows the correct hunt choices before leaving.**

MILITARY ONLY RESERVATION APPLICATION

The military only reservation application may be used to apply for military only hunts reserved for veterans and active military personnel. Hunters participating in these hunts must possess and present upon demand verification of eligibility to participate in these hunts. Acceptable verification includes Veteran’s ID Card, Military ID Card for active duty, or a State-issued driver’s license or Identification Card with Veteran Designation. When using this option, the hunter or the license agent can select one or both hunting days for each participating area.

APPLYING FOR DISABLED ACCESSIBLE HUNTING SITES

When applying online for disabled accessible hunting sites, be sure to select the application specifically for disabled accessible hunting sites. The mobility impaired season-long reservation application, multiple-choice reservation application, and military only reservation application are located in the same location as the non-disabled versions.

If applying for disabled accessible hunting sites at a license agent, inform the clerk that you wish to

apply for disabled accessible hunts. At the end of the transaction, look at your drawing receipt and verify that the clerk selected the correct disabled accessible hunts.

RESERVATION INFORMATION TABLE

Waterfowl reservation information for Type A wildlife areas is available in the Waterfowl Reservation Information table (nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=70431&inline). The table includes the number of hunters allowed per reservation, reservation processing (i.e. check-in) and expiration times, and lottery and first-come, first-served (i.e. refill) procedures. **Please continue to check this table throughout the season or contact the wildlife area or refuge for any changes to check-in times.**

FLOOD CLOSURE INFORMATION

It is common for waterfowl hunting areas to close periodically due to safety concerns caused by flooding.

Visit wildlife.ca.gov/Closures to see if any State-operated wildlife areas are closed. Reservations for State-operated wildlife areas that are closed due to flooding will not be accepted at other hunting areas. **Refunds will not be issued for applications submitted to areas that are closed or if reservations are not available (Section 550.5(a)(1)(A), Title 14, of California Code of Regulations).**
