I. Hunting Program

The public hunting program on Sacramento National Wildlife Refuge (Refuge) is **administered by the U.S. Fish & Wildlife Service in cooperation with the California Department of Fish and Game.** Parts of the Refuge are closed to hunting for sanctuary and management purposes. This Refuge contains 10,819 acres of which 3,566 acres are open to controlled hunting for geese, ducks, moorhens, snipe and pheasant concurrent with the seasons established by the State of California. Be sure to observe signs designating closed areas or restricted zones.

Hunting is by entry permit only. Permits, passes, stamps, or any license items WILL NOT BE SOLD at the check station.Visit **www.dfg.ca.gov for more information**. The check station will open at 6:00 pm on Fridays for the Saturday and Sunday shoot days and 6:00 pm on Tuesdays for the Wednesday shoot days. Shoot time begins ½ hour before sunrise. **Please refer to the "California Regulations for Waterfowl and Upland Game Hunting on State and Federal Areas" (CDFG Booklet) for daily shoot times, permit fees and Refuge Specific Regulations.**

II. Obtaining and Returning an Entry Permit

A. Reservation application forms are available at sporting good stores where hunting licenses are sold and on the website **www.dfg.ca.gov**. Applications must be received in Sacramento at least 17 days in advance of the desired hunting date. Hunters with reservations will be issued entry permits in the numerical order stamped on their reservation starting two and ½ hours before shoot time. **Reservations are valid only when presented at the check station at least 1-1/2 hours before shoot time**. **There are no exceptions**.

B. Vacancies which result from reservation "no shows" and hunters checking out of the area during the day are filled from a waiting list which is established by lottery drawing at the check station. The check station opens at 6:00 pm on Tuesdays and Fridays to begin accepting lottery entries. The lottery is conducted at 8:00 pm and results are posted soon afterwards. Hunters may leave the area once they have obtained their lottery number but must be present when their number is called.

C. Non-reservation hunters may only enter the drawing for one of the following: Sacramento, Delevan or Colusa Refuges, on any hunt date. Additionally, non-reservation hunters may also enter the Sutter Refuge draw. Lottery procedures are posted at the check station and online at www.fws.gov/sacramentovalleyrefuges.

D. There will be no re-fills or entry permits issued after 3:00 pm. All hunters **must check out at the check station**, report hunting results, and return the entry permit before leaving the area by 1½ hours after shoot time ends.
