This unit has two years of planned grazing but the winning bidder will be awarded a 5 year permit. At any time the service decides to graze this unit, the winning bidder will be given the right to graze during the 2023 -2025 seasons.

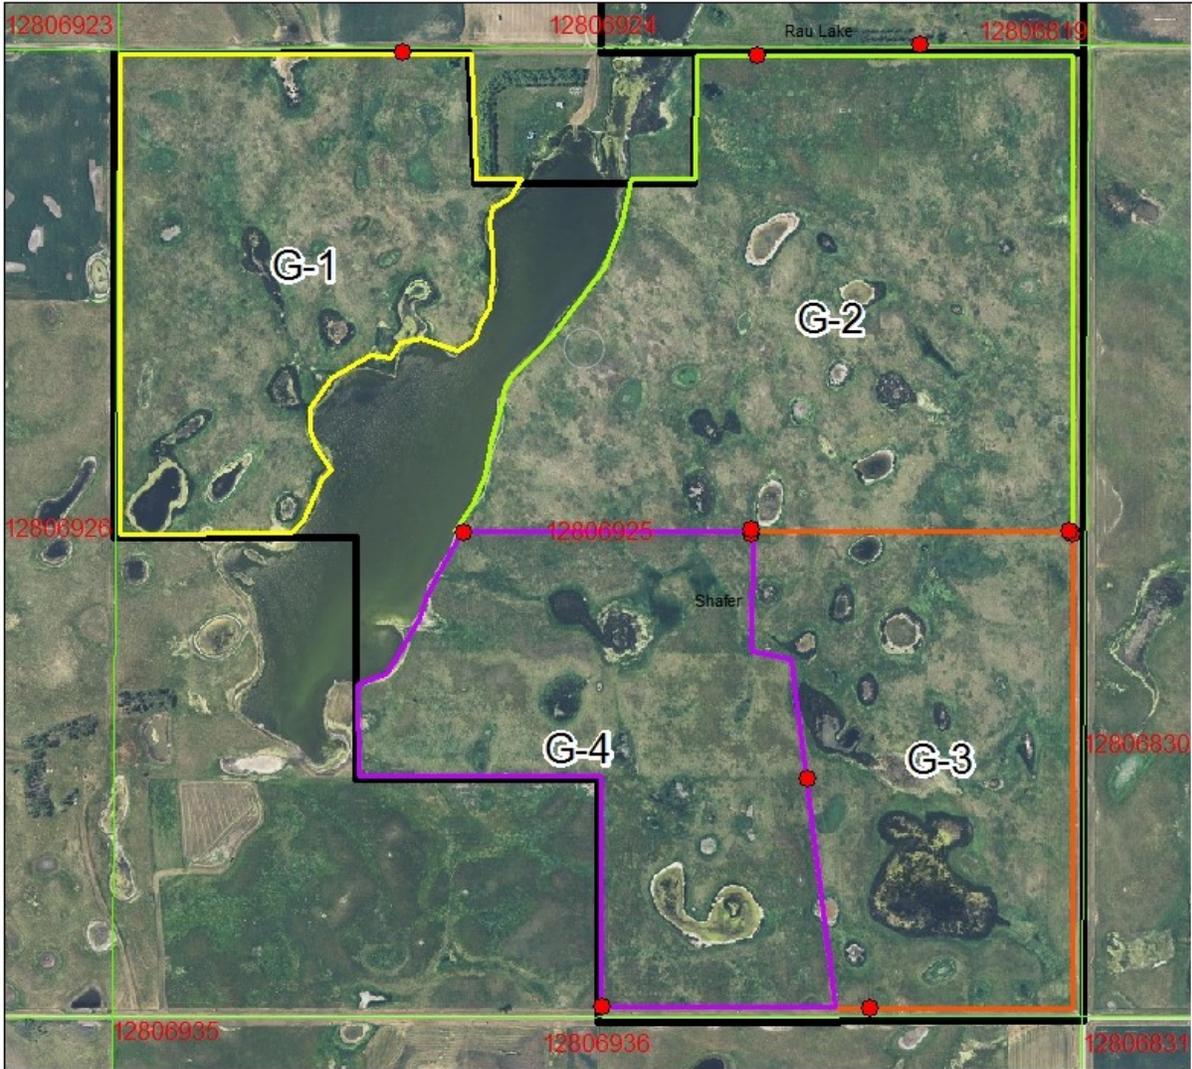

Special Conditions

1. Any changes in grazing dates need to be prior approved by the Refuge Manager.
2. The U.S. Fish and Wildlife Service reserve the right to terminate any and all agreements.
3. All general conditions listed on the back of the Special Use Permit apply.
4. This unit has a prescribed fire planned during the spring. Turn in dates will be affected so be flexible and bid accordingly. If the unit is not burned in 2021 the burn will be attempted at a later date.

More livestock for a shorter period of time is permitted. Fences are in poor to good condition. Please check all fences prior to submitting a bid. All fence maintenance and repairs will be done by the permittee with fence materials supplied by the U.S. Fish and Wildlife Service. Grazing units may also require the use of temporary fence in some areas (not provided by the FWS).
