

Sherburne National Wildlife Refuge

# An Evening With Moths

presented by Jim Sogaard

author of

“Moths & Caterpillars of the North Woods”

**Friday, April 25, 2014**

**8:00 p.m. to 11:30 p.m.**

Gather around a light at dusk for a fascinating encounter with moths. These 'fly-by-night' creatures are largely overlooked in our environment. We'll discuss their life-styles, behaviors, and ecological importance. We'll also search for caterpillars.

Bring a headlamp or flashlight as we'll be navigating in the darkness for part of the program.

Meet at Refuge Headquarters on County Road 9, five miles west of Hwy. 169. See our website for driving directions from Princeton, Zimmerman, St. Cloud and other local communities.
