DISTRICT CONTACT: Scott Glup, 22274 615th Ave. Litchfield, MN 55355,
litchfieldwetland@fws.gov, (320) 693-2849

FOR IMMEDIATE RELEASE

May 28, 2014

Contact:

Scott Glup, Project Leader

10 Year Review of Compatibility Determinations in Litchfield Wetland Management District's Comprehensive Conservation Plan

All recreational uses, refuge management economic activities, or other uses of a National Wildlife Refuge or Waterfowl Production Area by a non-National Wildlife Refuge System (NWRS) entity are subject to the compatibility process. Each use must be evaluated to determine if it is compatible with the refuge or district purpose as well as the NWRS mission. This process requires a public comment period of 14 days for the public to respond to the proposed Compatibility Determination.

There are Compatibility Determinations available for public review and comment for the Litchfield Wetland Management District in Minnesota. The Compatibility Determinations are available in the district headquarters office, as well as on the district website http://www.fws.gov/refuge/litchfield_wmd/ from May 29, 2014 through June 12, 2014. You may submit comments in person, via email or surface mail. See the header above for the contact information for the district office. Comments received and agency responses will be included in the final version of this Compatibility Determination.
