Managed Deer Hunts at Lost Mound Unit - 2018

Introduction: Two managed deer hunts, one for youth (ages 10–17) and one for hunters with disabilities (ages 18 and older), are conducted within designated areas of Lost Mound Unit. There are 35 sites available for each hunt that is open to Illinois residents and non-residents. These guidelines pertain only to the managed hunts and do not apply to areas open to public hunting.

Attendants: All hunters must be accompanied by an able-bodied attendant (ages 18 and older) that is capable of tracking, retrieving and field dressing a deer. Attendants for youth are not allowed to hunt, whereas, attendants for disabled hunters can hunt. Hunters may be accompanied by one non-hunting individual in addition to the attendant.

Application Period & Random Draw: The application period and random draw dates for the youth and disabled hunts are the same. Applications are available from July 1-31. Hunters must submit a US Fish & Wildlife Service Quota Big Game Hunt Application and attached document to: Refuge Manager, 7071 Riverview Road, Thomson IL, 61285 before 4:00PM on July 31. Applications are available at the Refuge office, online or fax. You can return completed applications via mail, fax or drop off at the Refuge office Monday-Friday from 7:30AM-4:00PM (information listed at top of page). All eligible applications will be entered into a random draw to be held August 8 at 10:00AM at the Refuge office. The drawing is open to the public and applicants do not have to be present. Wheelchair-user and amputee applicants will be given priority in the drawing annually, so please self-identify on the application to receive priority. In addition, applicants that did not hunt at Lost Mound last year will be given priority in the drawing. Letters will be sent to hunters that are drawn and to standby hunters so that all hunt sites are filled.

Mandatory Orientation and Safety Training: All hunters, attendants and accompanying individuals must attend a mandatory orientation and safety training to become familiar with the hunt area, safety regulations and access restrictions. Standbys must attend a safety orientation to be eligible to hunt. Two orientation sessions are scheduled: Saturday, September 29 and Friday, November 9. Both orientation sessions are held at Manny's Pizza, 211 Main Street in Savanna IL with classroom training from 9AM - noon and site visits from 1PM – 4PM. Youth must bring documentation they have completed a state approved hunter education safety course. All state hunting licenses, stamps and permits required by Illinois Department of Natural Resources (ILDNR) must be brought to the orientation. Hunters with disabilities and their hunting attendants do not need a Jo Daviess County deer permit as this permit will be issued by the Refuge. Hunters must bring lead free shotgun slugs and muzzleloader bullets that will be used in the hunt to the orientation. All Illinois resident hunters must have in their possession a valid Firearm Owners Identification (FOID) Card.

Hunt Sites & Shooting Zones: There are 35 hunt sites with designated shooting zones. You must stay within 50 feet of the site marker. Some sites have greater handicapped accessibility than others. Hunters and/or attendants are not allowed to climb onto the sides or top of the earthen covered buildings (igloos). Climbing tree stands are allowed in the youth hunt only.

Hunter Check-In and Restricted Hours of Movement: Hunters and attendants are required to: Register at River Road gate, upon entry and departure, daily; must travel directly to and from their designated hunt site during the hours of movement in order to minimize disturbance to other hunters and for safety; must travel together (i.e., one cannot leave the hunt site without the other) but may travel in separate vehicles, and; may not scout areas, nor walk or drive roads within the hunt area.

Hunters and attendants must follow these hours of restricted movement:

4:00AM – 5:30AM: Check in at River Road gate; go directly to your hunt site along designated routes of travel.

5:30AM - 9:00AM: No entry into or departure from your hunt site is allowed; you must stay at your designated hunt site even if you harvest a deer.

9:00AM - 2:30PM: You may depart and return to your hunt site using designated routes of travel only. No entry is allowed into the hunt area after 2:30PM.

2:30PM - End of Day: You must stay at your designated hunt site until one-half hour after sunset even if you harvest a deer. You are required to check out at River Road gate no later than 1 hour after the close of shooting time.

Firearms: Only shotguns and muzzleloaders are allowed. Firearms must be unloaded and cased and/or dismantled at all times in the vehicle.

Lead free ammunition requirement: All hunters are required to use only lead free bullets. The possession of lead bullets is prohibited. The lead free bullets that will be used during the hunt must be brought to the orientation for verification. Spent shotgun shells must be brought to the deer check station or provided to the gate keeper (if no deer are harvested) for verification. This requirement is an effort to reduce lead exposure in bald eagles that feed on gut piles left in the field and on fatally wounded but not retrieved deer. Please note there are several types of jacketed bullets that have a lead core, so read the label carefully to make sure you are purchasing lead free bullets.

Blaze Orange: Hunters, attendants and accompanying persons must wear a solid blaze orange cap/hat and an upper outer garment displaying at least 400 square inches of solid blaze orange material. Portable blinds or camouflage covering must also display 400 square inches of solid blaze orange material that is securely attached to the uppermost portion of the blind or covering and a substantial amount of orange is visible for 360 degrees. Hunting blinds are not provided.

Cell phones are required: Each hunt site must have one operational cell phone that is monitored at all time during the hunt. No phones are provided.

Deer Check Station: All harvested deer must be brought to the Lost Mound Deer Check Station located at the FWS equipment storage building for collection of biological information and testing for Chronic Wasting Disease. You may check deer during the hours allowed for movement or at day's end. In addition, you must register your deer with ILDNR by 10:00PM on the same calendar day the deer was taken by calling the toll-free Deer Harvest Hotline at 1-866-452-4325. You will be given a confirmation number that must be written on the leg tag attached to the deer.

Chronic Wasting Disease: CWD has been confirmed in Jo Daviess County. Each harvested deer will be checked for CWD. You should also be aware of the regulations regarding transporting deer to or through any other state. To avoid fines and confiscation you must process your deer according to each respective state's laws and regulations before crossing state lines. Most states require that only deboned meat can be transported from a CWD state. A list of local meat processors is available. Visit the ILDNR website for additional information on CWD.

Acknowledgement of Danger: All individuals who enter the hunt area must sign an "Acknowledgement of Danger: Release and Hold Harmless Agreement". This agreement acknowledges your understanding that Lost Mound is a former military installation and there is potential for munitions of explosive concern being present within the hunt area.

Permit Revocation: A hunter's permit may be revoked at any time for violation of Refuge regulations or state regulations.

Additional Information: For additional Refuge information, call the Refuge office in Thomson IL at 815-273-2732. For additional state hunting information, contact the local ILDNR office or access their website at: www.dnr.illinois.gov

A copy of the disability certification (e.g. doctor's letter or government certification) must be included with the hunt application. Attendants may harvest antlerless deer anytime during the hunt.

5. Permit types: There are two types of deer permits issued to disabled hunters, a “Bonus Permit” and a “Standby Permit”. Each permit has specific requirements and fees.

“Bonus Permit”: At the orientation, each hunter is issued a “Bonus Permit” that is valid for harvest of the first deer. The “Bonus Permit” can be an “antlerless” or an “either sex” permit but must be identified when the permit is issued. Fees differ between “antlerless” and “either sex”, especially for non-residents, see fee schedule below. “Bonus Permits” for attendants can only be “antlerless”.

“Standby Permit”: After the first deer is harvested, then a “Standby Permit” is issued to harvest a second deer. Additional “Standby Permits” are issued, if applicable, after each deer is harvested. “Standby Permits” are only valid for the day issued; you must purchase an additional “Standby Permit” in order to hunt the following day. The “Standby Permit” can be an “antlerless” or “either sex” permit, however, “either sex” permits are only issued to disabled hunters that have not yet harvested a buck.

6. Permit fees: Permit fees vary depending upon: resident versus non-resident; “Bonus Permit” versus “Standby Permit” and; “antlerless” versus “either sex” permit. There is no fee for a non-hunting attendant. These fees are regulated by ILDNR, as follows.
