

**Oct. 30, 2012
8 AM - 4 PM**

Followed by Poster Gala

**Squaxin Island Tribe's
Events Center**

**91 W State Route 108
Shelton, WA 98584**

**WHO SHOULD ATTEND:
Scientists
Science Users
Educators**

**WHAT IS INCLUDED:
Presentations
Discussions
Poster Session**

You are invited to the fourth . . .

2012 SOUTH SOUND SCIENCE SYMPOSIUM

New findings, collaborative actions, positive change

PURPOSE OF SYMPOSIUM:

Bring together scientists working in the South Puget Sound ecosystem, including the watersheds that surround the marine waters. Are ecosystem components reaching a tipping point or experiencing a gradual decline? What's driving change in the South Sound ecosystem? What do we protect? How much can the ecosystem sustain?

The Symposium will charge a nominal registration fee and registration will open in August 2012.

FOR MORE INFORMATION, CONTACT

Mindy Roberts (MROB461@ecy.wa.gov) or
John Konovsky (jkonovsky@squaxin.us).

**POTENTIAL TOPICS FOR THE
SYMPOSIUM / POSTERS
FOLLOWING SYMPOSIUM:**

- **Physical Science**
 - o Land cover change
 - o Shoreline modifications
- **Water Quality**
 - o Stormwater and wastewater
 - o Streams, lakes, rivers, and marine areas
- **Biotic Communities**
 - o Terrestrial
 - o Freshwater
 - o Marine
