

WETLANDS OF CAPE COD, MASSACHUSETTS AND VICINITY CLASSIFIED BY NWI TYPES

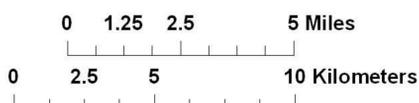

LEGEND

NWI Types

- Marine and Estuarine Water
- Marine and Estuarine Aquatic Beds
- Marine Wetlands
- Estuarine Nonvegetated Wetlands
- Estuarine Vegetated Wetlands
- Palustrine Emergent Wetland
- Palustrine Scrub-Shrub Wetland
- Palustrine Farmed (Cranberry Bog)
- Palustrine Evergreen Forested Wetland
- Palustrine Deciduous Forested Wetland
- Palustrine Water
- Lacustrine and Riverine Wetland
- Lacustrine and Riverine Water

1:90,000

Projection: UTM
Units: Meters
Zone: 18
Datum: NAD27

This map is a product of the U.S. Fish and Wildlife Service's National Wetlands Inventory (NWI) Program, Northeast Region. It was compiled from data derived through photointerpretation of 1991 and 1995 aerial photographs using Massachusetts state wetland data as the foundation. The effective date of the updated inventory is 1995. U.S. Geological Survey (USGS) Digital Line Graphs (1:24,000-scale) were used to create a more complete data set. U.S.D.A. Natural Resources Conservation Service digital county soil survey data, USGS Digital Raster Graphics, and original NWI data were also used as collateral information.

The map was produced with the intent that it be used or displayed at a scale of 1:90,000. There are no warranties as to the fitness of this map for any unlisted purpose or reproduction at any other than the original scale. NWI data are posted on the web at: <http://wetlands.fws.gov>.

POTENTIAL WETLANDS OF SIGNIFICANCE FOR CONSERVATION OF BIODIVERSITY CAPE COD, MASSACHUSETTS AND VICINITY

LEGEND

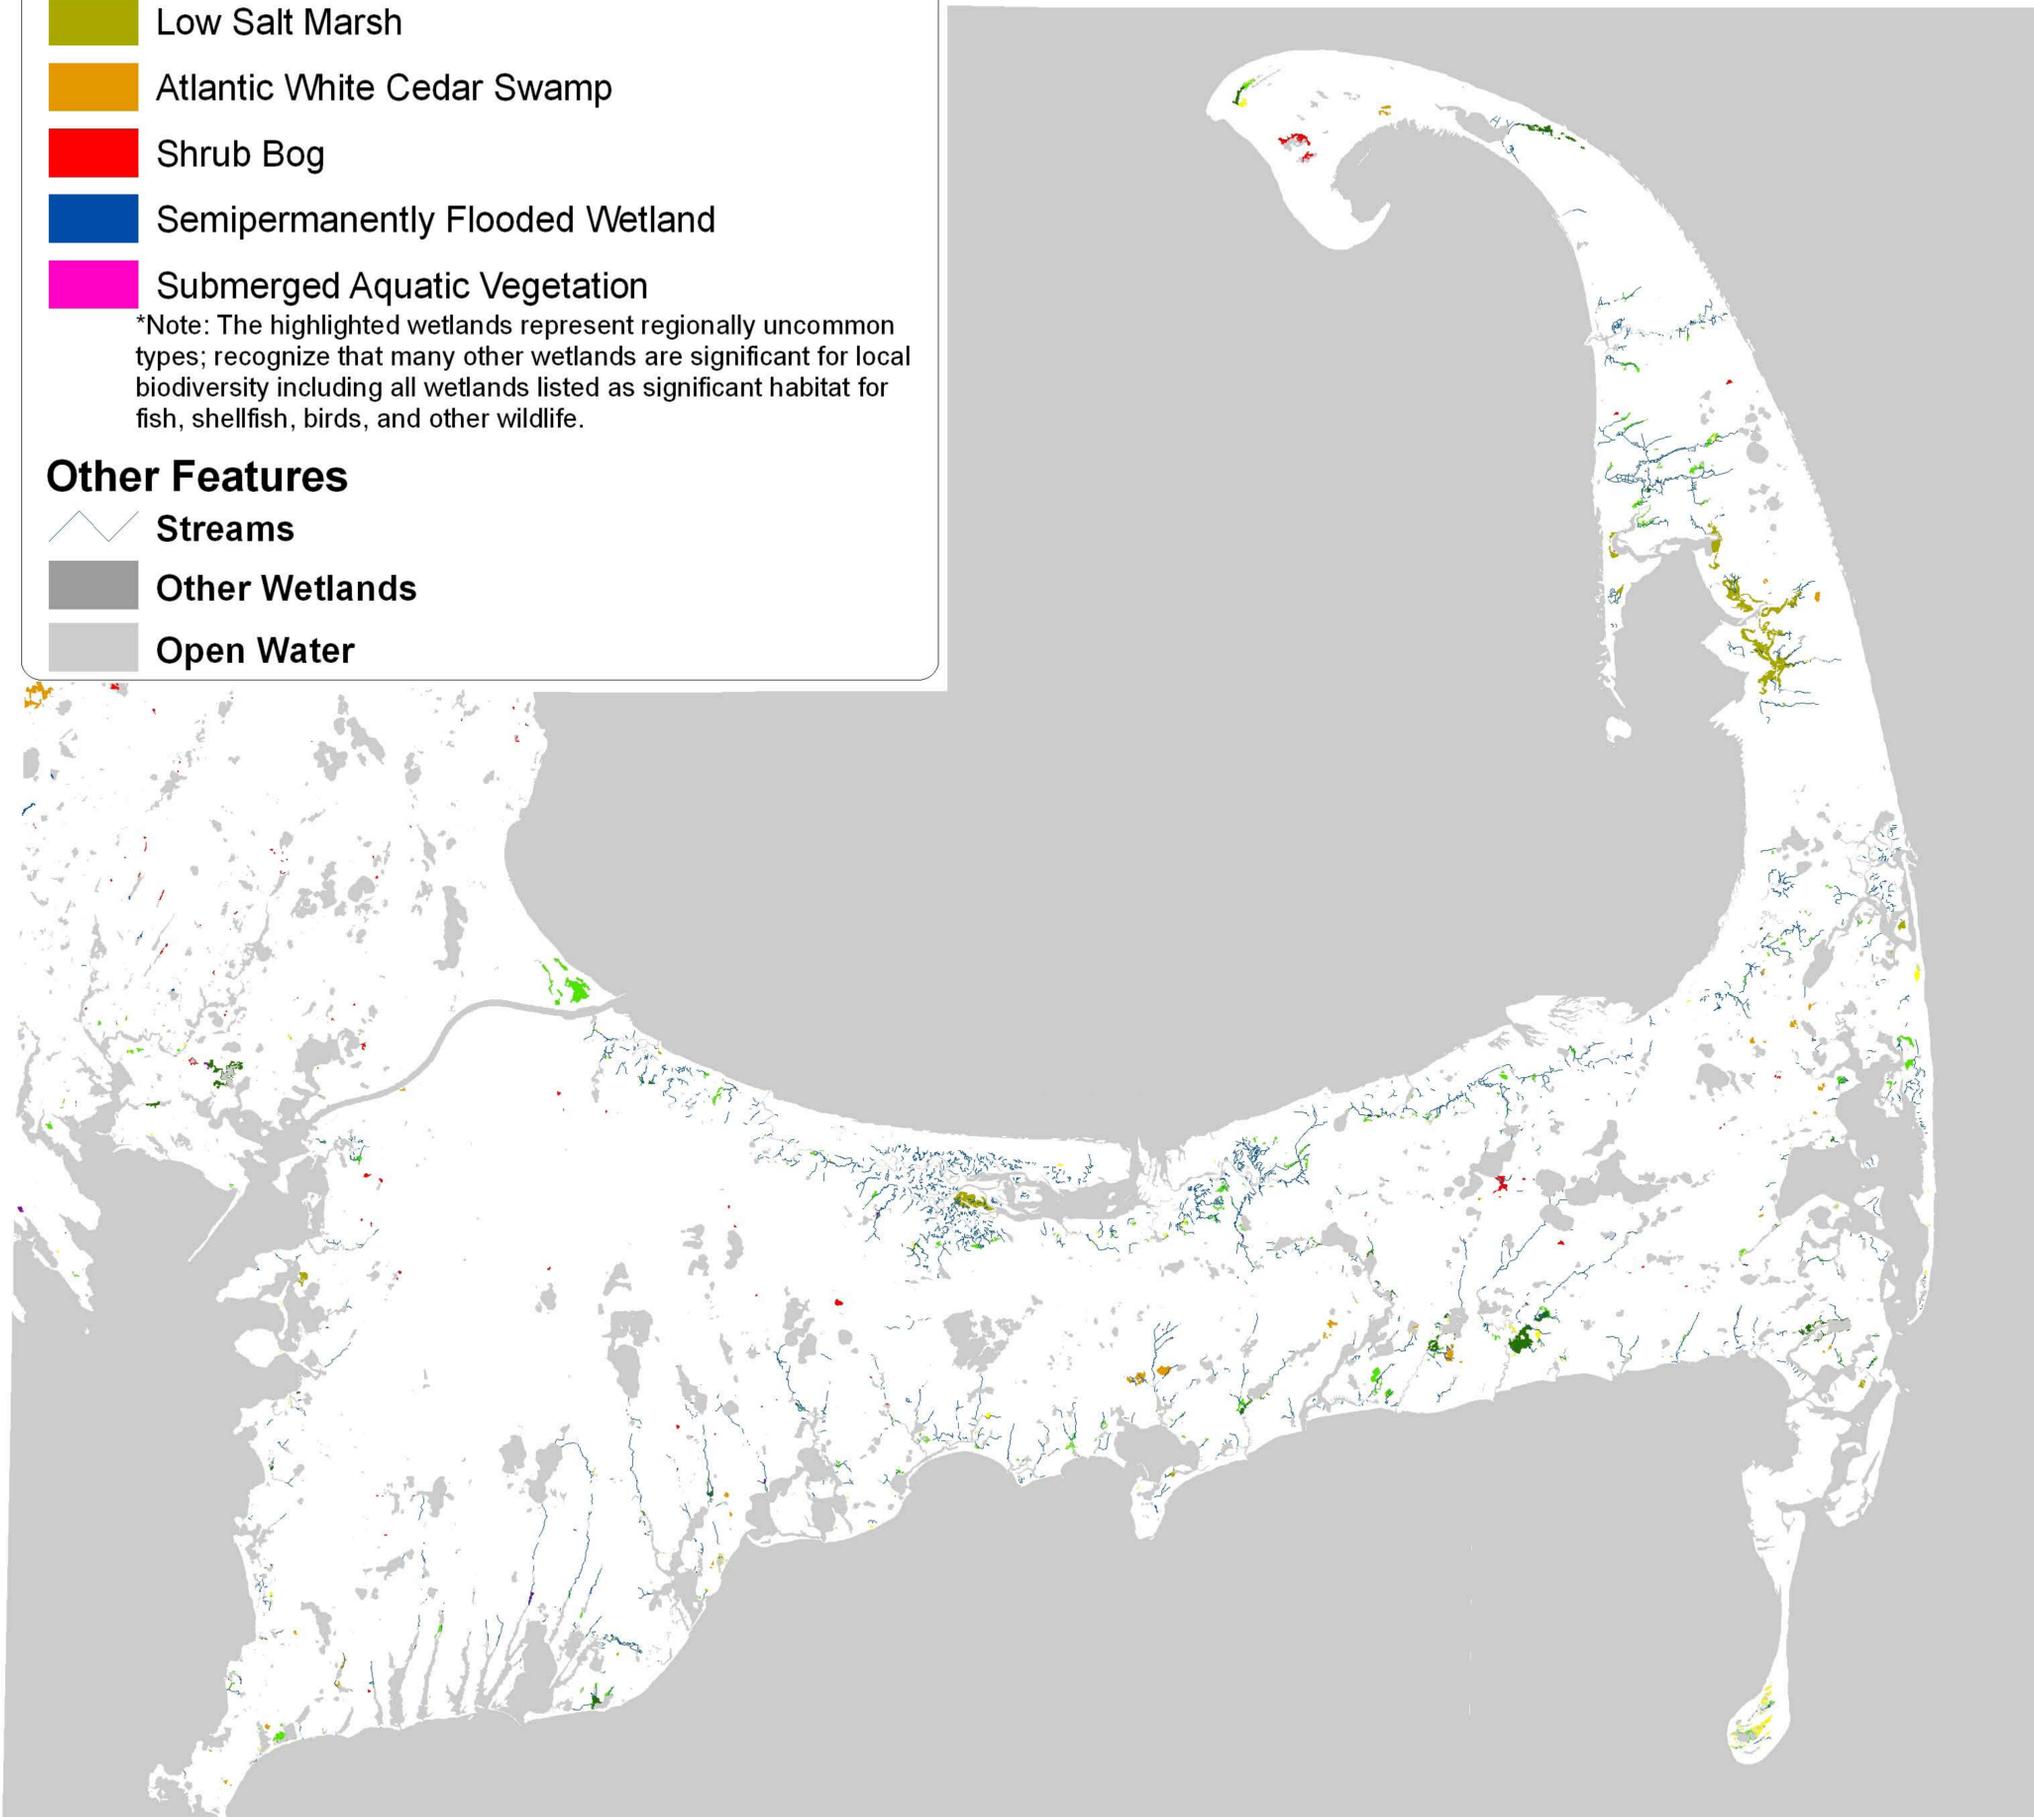

Conservation of Biodiversity

-  Tidal Fresh Marsh
-  Tidal Fresh Shrub Swamp
-  Tidal Forested Wetland
-  Oligohaline Marsh
-  Low Salt Marsh
-  Atlantic White Cedar Swamp
-  Shrub Bog
-  Semipermanently Flooded Wetland
-  Submerged Aquatic Vegetation

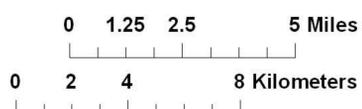

*Note: The highlighted wetlands represent regionally uncommon types; recognize that many other wetlands are significant for local biodiversity including all wetlands listed as significant habitat for fish, shellfish, birds, and other wildlife.

Other Features

-  Streams
-  Other Wetlands
-  Open Water
